

# MUSTAFA ABDO

## Full-Stack & Web Developer

---

### PROFESSIONAL SUMMARY

---

A dynamic Full-Stack & Web Developer, I excel in crafting optimized, responsive web solutions with a strong foundation in HTML5, JavaScript, and PHP, honed at Hub Webz. My expertise in API integration and responsive design, coupled with a knack for enhancing website performance, has consistently delivered superior, user-friendly applications.

### WORK HISTORY

---

#### Full-Stack & Web Developer

Hub Webz, Cairo, Egypt (Remote)

- Used Javascript, PHP, SQL and HTML to develop app-solutions.
- Increased website performance by optimizing front-end and back-end code for faster loading times.
- Applied responsive design principles to ensure consistent display and functionality across a wide range of devices, including mobile phones, tablets, and desktop computers.
- Created easy-to-use APIs for third-party integrations, enhancing the functionality of existing applications without compromising on performance or security.
- Developed customized content management systems tailored to specific client needs, enabling efficient content curation without sacrificing flexibility or ease-of-use for endusers.
